

Amendments to the Claims

This listing of claims will replace all prior versions and listings of claims in the application.

Claims 1-40. (Canceled)

Claim 41. (Currently Amended) A method for treating an autoimmune disease or disorder and/or an inflammatory disease or disorder in a mammal, said method comprising orally administering a composition comprising an extract or concentrate from *Butyrospermum parkii*, wherein said composition comprises

- i) at least 5% (w/w) lupeol relative to the composition,
- ii) at least 5% (w/w) α -amyirin and/or β -amyirin relative to the composition, and
- iii) at least 5% (w/w) butyrospermol relative to the composition,

wherein said lupeol, α -amyirin and/or β -amyirin and butyrospermol may be in the form of free alcohols or esters thereof.

Claim 42. (Previously Presented) The method of claim 41, wherein said disease or disorder is selected from the group consisting of psoriasis, atopic eczema, contact dermatitis, Crohn's disease, ulcerative colitis, rheumatoid arthritis and osteoarthritis.

Claim 43. (Previously Presented) The method of claim 42, wherein said disease or disorder is rheumatoid arthritis or osteoarthritis.

Claim 44. (Previously Presented) The method of claim 42, wherein said disease or disorder is psoriasis.

Claim 45. (Canceled)

Claim 46. (Currently Amended) The method of claim 41, wherein said composition comprises

- i) at least 8% (w/w) lupeol relative to the composition,

- ii) at least 8% (w/w) α -amyrin and/or β -amyrin relative to the composition,
and
- iii) at least 8% (w/w) butyrospermol relative to the composition.

Claim 47. (Currently Amended) The method of claim 46, wherein said composition comprises

- i) at least 10% (w/w) lupeol relative to the composition,
- ii) at least 10% (w/w) α -amyrin and/or β -amyrin relative to the composition,
and
- iii) at least 10% (w/w) butyrospermol relative to the composition.

Claim 48. (Previously Presented) The method of claim 41, wherein said composition further comprises at least one sterol selected from the group consisting of stigmasterol, avanasterol, 24-methyl-cholest-7-enol, karisterol A, karisterol B, and α -spinasterol, wherein said sterol may be in the form of free alcohol or an ester thereof.

Claim 49. (Previously Presented) The method of claim 41, wherein said composition further comprises an extract of *Calendula officinalis*.

Claim 50. (Canceled)

Claim 51. (Previously Presented) The method of claim ~~41~~ 50, wherein said composition ~~oral dosage form~~ is administered in a capsule dosage form.

Claims 52-67. (Canceled)
